SCHAEFFLER

Press Release

Schaeffler showcases future-ready, comprehensive aftermarket solutions at ACMA Automechanika New Delhi

PUNE, *2026-02-05*.

Schaeffler India Limited, a leading motion technology company, announces its participation at ACMA Automechanika 2026 in New Delhi. Schaeffler India will showcase its future-ready aftermarket portfolio that supports the complete lifecycle of vehicles ranging from two-wheelers, passenger cars with internal combustion engines (ICE), commercial vehicles (CVs)Vs, tractors, to hybrids and electric vehicles (EVs).

A key highlight of this participation is the introduction of Schaeffler's dedicated range of two-wheeler spare parts for the Indian aftermarket, featuring essential high-demand components such as bearings, fuel injectors, clutch plates, engine oil, and brake pads. This expanded offering further strengthens Schaeffler India's unified aftermarket presence while reinforcing its commitment to delivering reliable and accessible motion technology solutions across all vehicle segments.

The Vehicle Lifetime Solutions division reinforces Schaeffler India's commitment to simplifying sourcing, and - technical support for its partners, including independent workshops and retailers. It will expand the Motion Technology company's reach in the aftermarket network and position it as the right partner for workshops handling mixed vehicle fleets

Schaeffler India will also showcase EV-ready repair and maintenance solutions, the REPXPERT training ecosystem that enables workshops to service new-age mobility with a focus on safety, reliability, and long-term vehicle uptime. Through structured training and hands-on technical support, Schaeffler empowers workshops to enhance repair quality, improve productivity, and build customer trust, positioning repair and maintenance as a key enabler of sustainable mobility.

Schaeffler Group – We pioneer motion

The Schaeffler Group has been driving forward groundbreaking inventions and developments in the field of motion technology for over 75 years. With innovative technologies, products, and services for electric mobility, CO_2-efficient drives, chassis solutions, and renewable energies, the company is a reliable partner for

making motion more efficient, intelligent, and sustainable – over the entire life cycle. Schaeffler describes its comprehensive range of products and services by means of eight product families: from bearing solutions and all types of linear guidance systems through to repair and monitoring services. With around 120,000 employees and more than 250 locations in 55 countries, Schaeffler is one of the world's largest family-owned companies and ranks among Germany's most innovative companies.

Harsha Kadam, Managing Director and CEO, Schaeffler India Limited said, "*Vehicle lifetime services such as repair and maintenance are non-negotiable enablers of sustainable mobility. As a Motion Technology leader, we are acutely aware of the commitment it takes to offer a universal suite of products and services to enable the ecosystem made of distribution networks and workshops to carry that promise forward. Our showcase at the ACMA Automechanika 2026 in New Delhi is a comprehensive display of how we are bridging today's vehicle aftermarket needs with tomorrow's technologies.* "

Micah Shepard, President of the division Schaeffler Vehicle Lifetime Solutions Asia Pacific, added, "*India's aftermarket requirements are evolving rapidly along with changing vehicle technologies. At Schaeffler, we are focused on equipping our vehicle-lifetime services partners with the right mix of localisation, relevance and durability in aftermarket mobility solutions that helps them support their customers with longer vehicle lifecycles.* "

Schaeffler India will showcase its broad aftermarket capabilities through solutions spanning transmission, engine colling, and chassis applications, alongside innovations such as FAG repair insert units, e-powertrain technologies, and the Schaeffler TruPower range – demonstrating its continued focus on delivering reliable, application-oriented solutions suited to India's diverse usage conditions. Visitors can experience these solutions firsthand and interact with Schaeffler experts at Booth K10, Hall 1, from 5-7 February 2026. -
